---

The Township of Amaranth has declared a state of emergency in response to the COVID-19 pandemic. Please know that this declaration does not mean that we face an immediate increased threat to our community. COVID-19 is an extraordinary event requiring extraordinary measures.

The Township of Amaranth has taken this step, most importantly, to ensure that the safety and well-being of our residents remains a priority, but also in response to the declarations made by the Province of Ontario, the County of Dufferin, and surrounding municipalities.

During this state of emergency, Council and Staff are working to ensure that the municipality operates effectively and continues to provide essential services. Both Council and Staff are available to assist residents with any questions they may have. The Township will monitor the situation to determine if any additional changes will be necessary to operations, programs or service levels.

We are all in this together, the COVID-19 pandemic is impacting every aspect of our daily routines. Please do your part in helping to “Flatten the Curve” and lessen the impact the virus will have not only to our community but to the Country as a whole.

Thank you for your continued patience and understanding during this time. Stay healthy and take care of each other as we work our way through this together.

Bob Currie, Mayor
