## YEAR AT A GLANCE

# ADEICAC: THE FIRST YEAR

**T**he Amaranth Diversity, Equity and Inclusion Community Advisory Committee (ADEICAC) is a diverse group of residents and those with vested interests who support equitable practices, diversity, and inclusion within the Township of Amaranth. Its mandate is to advise the Township of Amaranth Council, make recommendations, and provide a monitoring and measuring role to help ensure that the township applies a diversity, equity and inclusion lens to its policies, services and programs. Since the first meeting in October 2020, the ADEICAC has begun the process of embedding equity, diversion and inclusion into the Township practices in different ways. The Committee has met 4 times since its inception, in October and December of 2020 and February and May of 2021, to

create Terms of Reference, goals and an action plan for the 2020/2021 year. The pandemic made it difficult to see some goals to fruition, but the ADEICAC has accomplished much in terms of setting up for the future of Equity and Diversity in Amaranth Township. With the support of both the community and Township Council, the ADEICAC has begun to make changes that reflect diverse identities within the Township, given opportunities for diverse voices to be heard, and encouraged representation and celebration of all members of the Amaranth Community. The information below is taken from the 2020/2021 ADEICAC Action Plan.

## **AN EYE TOWARDS THE FUTURE: 2022 AND BEYOND**

2020/2021 was a tough year for so many people. The pandemic, health and safety precautions, stay at home orders, and provincial mandates made it difficult for so many people and families. Our community driven groups found it very difficult to stay afloat, meet, or get much needed work done, let alone create, reach and explore new goals, and our group was no exception.

The ADEICAC continues to look for ways to embed equity, diversity, and inclusion into the community. We have noticed a shift in support in this community, a building of allyship, and a drive to do better. In 2022, the committee is hoping to have the ability to do more community based work, and build a baseline for protocols and processes that are inclusive and applied equitably to all. We look forward to working closely with the Township Council to make meaningful change happen for all members of Amaranth. We look forward to hearing from our community members about their experiences and suggestions for building equity. We look forward to being out in the community working with, and for, diverse groups of people, networking with neighbouring towns, and making this community a welcoming place for all to enjoy.
